

**HEADPHONES
DANDY SOUND**

Colours: Available in black or white.

**BLUETOOTH DANDY SOUND HEADPHONES**
Enjoy the wireless music.**Full movement.**

DANDY SOUND are the last generation headphones. Thanks to its Bluetooth you can listen music and receive calls with the maximum quality.

Handsfree incorporated, if you receive a call meanwhile you are listening music with your Smartphone, the music automatically get stopped giving you the option to answer or not, all of it without taking out your mobile from your pocket.

You can easily adjust the volume, play, pause or omit tracks thanks its system embedded in the headband.

Sleekly Designed

DANDY SOUND were designed for you with one goal, *don't feel you have them on*. It has been crafted from ultra-light materials, and a perfect adjustable system. Its interior made-of Rubber and anti-bacterium and anti-sweat pads achieves an incredible adjustment, being comfortably every moment.

Long lasting battery

Enjoy the autonomy up to 15 hours of playing or more than 150 hours in pause.
